

Dr Andrew Ong

VMO Breast & Endocrine Surgeon,
Campbelltown General Hospital, NSW,
Australia

Andrew Ong is a VMO breast and endocrine surgeon with an interest in breast ultrasound and oncoplastic breast surgery. He is appointed at Campbelltown Public hospital, Sydney and is head of the breast and endocrine unit. The unit is part of a multi-disciplinary breast oncology team at Macarthur Cancer Centre which was voted the best cancer therapy centre in NSW for 2018, the third year in a row. Dr. Ong sees over 100 new breast cancer patients a year and has been a full-time clinician for the last 10 years.
